

PREPROPOSAL STATEMENT OF INQUIRY

CR-101 (June 2004)

(Implements RCW 34.05.310)

Do **NOT** use for expedited rule making

Agency: Department of Labor and Industries

Subject of possible rule making: Chapter 296-17-WAC General Reporting Rules, Classifications, Audit and Recordkeeping, Rates and Rating System for Workers Compensation Insurance

Statutes authorizing the agency to adopt rules on this subject:
RCW 51.06.035 and RCW 51.06.100

Reasons why rules on this subject may be needed and what they might accomplish: Labor and Industries is required by law to establish and maintain a workers compensation classification plan that classifies all occupations or industries within the state and sets basic rates of premium for these classifications that are distributed fairly (RCW 51.16.035). The department has conducted a review of various classification and reporting rules and determined that certain rules are in need of revision, such as the ones that apply to door to door sales, mechanical harvesting of shellfish, agricultural fairs and shows, and farm and machinery dealers. The department proposes to create a new classification for home care service workers offered through Home Care Quality Authority at the request of the actuary and an additional classification for state government workers who perform administrative field work. Minor housekeeping changes will be made to several classifications.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies:

No other state, local or federal agency regulates this subject.

Process for developing new rule (check all that apply):

- ☐ Negotiated rule making
- ☐ Pilot rule making
